OSQ was founded by organ music enthusiasts in 1952 to promote an appreciation of organs and organ music and provide a forum for members to discuss musical matters. Membership is for all those who enjoy organ music – organists and listeners alike.

Past President Dr Steven Nisbet and some participants at an Organ Workshop in Maryborough in August 2023.

Join the Ranks!

Enjoy the varied activities of OSQ including organ concerts; seminars and workshops on organ playing, organ music, organ building, and other organ-related topics; and 'organ rambles' i.e., visits to organs in Brisbane, around the state, and interstate.

The OSQ conducts organ tutorials for organists in local churches, tailoring sessions to the interests and needs of the participants. An organ consultancy service is also offered to assist local churches in matters relating to organ repairs, rebuilds, and new instruments (digital as well as pipe organs).

OSQ members get their hands on the QPAC Klais organ console in February 2023.

Members of OSQ receive the national journal, *Organ Australia*, containing interesting articles on organ music and organs, and news of organ events in other states.

The monthly electronic *OSQ Newsletter* contains the details of organ-related events and issues for the coming months.

Members who are online receive further email notices of organ-related events within the Queensland and beyond.
